

Guard Post Cover

Inexpensive Solution

The Carsonite Guard Post Cover is an inexpensive solution to maintenance and visibility problems with guard posts. They offer a durable, bright yellow surface which helps to alert people to potential dangers in and around loading docks, hazardous equipment, electrical distribution, parking facilities, and gasoline dispensing and storage areas.

Simply slip the cover over the guard post for a clean, highly visible, finish. Add reflective sheeting for added visibility. Use our 40 Series for guard posts 4.5" diameter and below, and our 60 Series for posts 4.5" to 6.5" diameter.
